### DEFENDOOR EASY PICKET GATE

Defendoor Easy Picket Aluminium Gates are designed for a clean, modern finish that lasts. The Easy Picket gates deliver a seamless look while maintaining outstanding strength and performance.

Manufactured from powder-coated aluminium, Defendoor Easy Picket Aluminium Gates resist warping, cracking and splintering, outlasting traditional timber with minimal maintenance—even in harsh environments. Featuring a concealed fixing system with no visible screws or rivets.

Available in single and double gates with either 65mm or 100mm blade widths in all current standard colours.

Adjustable tension hinges are included for precise alignment, and multiple latching options allow you to tailor the gate to your needs.

### BENEFITS & FEATURES

Concealed fixing system, no visible screws or rivets

Resistant to warping, cracking and splintering

Low maintenance, outlasts timber products

Blade widths of 65mm and 100mm

Wide range of colours available

Multiple latching options

Adjustable tension hinges included

Easy to measure and install, Easy Picket is a smart, long-term gate solution built for reliability, style and simplicity.

# Defendoor Easy Picket Gate

## Easy Picket System

### LATCHING OPTIONS

Multiple latch types are available for Defendoor Easy Picket Gates, including single or double-sided Viper latches, pull-top pedestrian and pool gate latches.

These gate hardware solutions provide secure, reliable protection for children's play areas, pool gates and access-controlled spaces. Built for daily use, they combine smart engineering with durable, weather-resistant materials for lasting peace of mind.

Gate poles are available as an additional item; this includes concealed joiners for fixing the base and metal top cap.

Gravity Latch - Single Sided

Gravity Latch - Double Sided

Magnetic Pull Top Gate

Latch - Short

Magnetic Pull Top Gate

Latch - Long

Defendoor Easy Picket Gate latches are key lockable and can be keyed alike to suit existing doors (locksmith required). Non-locking steel gate latches are also available where security is not required.

Latches are supplied unattached with installation instructions.

### ADJUSTABLE TENSION HINGES

Defendoor Easy Picket gates are supplied with two adjustable tension hinges and packers.

- The adjustable tension hinge is a patented, click-adjust tension system, with precise self-closing adjustment.
- Fast, simple installation – adjust after fitting.
- Durable, bind-free performance, engineered for smooth, reliable operation
- Built to last with fibre-reinforced polymer construction
- UV-stabilised and rustproof; won't fade, corrode or seize in harsh conditions.

Suitable for all gate and fence types, combining reliable performance, ease of use and a clean, professional finish.

### CARE & WARRANTY

Defendoor offer a limited warranty stating that our products will be free from defects in material and workmanship for a period of one Year from the date of sale. Defendoor will at no point offer any advice or help as to the installation of their products, and strongly recommend that this be carried out by a fully licensed installer. Regular cleaning of dirt and, in some cases, greasing of hinges is required to keep the warranty valid.
